Reminder for PER On-line Submission Mandate

Pharmacy Providers will only be allowed to submit PERs on-line. This began March 1, 2010.

For those locations on board “kudos” we appreciate your team cooperation with this process change.

For those locations not utilizing the on-line submission web tool, your team is missing out on checking:

- PER statuses, and
- eligibility, and
- news alerts, and
- formulary information, and
- much more IEHP provider information,
- plus saving valuable time from writing out and faxing paper PERs, not to mention saving paper and fax equipment supplies with repair costs

The above is all available on-line with your on-line login account.

We are allowing a grace period before faxed PERs will be redirected back to your team to submit on-line so if your location is still faxing PERs, please contact our team to assist you with your on-line login account setup.

Give us a call and we'll get your team started using the IEHP web source of information and tools!

[*CVS and Rite Aid Stores:* all login accounts were handled through your corporate office.]
