
16. GRIEVANCE RESOLUTION SYSTEM

A. Member Grievance Resolution Process

APPLIES TO:

- A. This policy applies to all IEHP Medi-Cal Members.

POLICY:

- A. IEHP's Grievance Department is responsible for the resolution of Member complaints, including grievances and appeals.
- B. IEHP Members receive written information regarding the appeal and grievance process upon enrollment, and annually thereafter. Members are also informed of the appeal and grievance process upon request (see Attachments 16-1a, 16-1b, 16-2a, and 16-2b in Section 16, "Attachments").
- C. All Members are encouraged to bring up any concerns or issues with their practitioner, in order to promote open communication and a positive Member and practitioner relationship. This open communication between a Member and his/her practitioner is discussed in the IEHP Member Handbook issued to all new Members at enrollment and in annual updates to existing heads of household. IEHP's Member Services Department and/or Grievance Department also encourage Members to communicate with their practitioners at the time issues arise.
- D. All Practitioners, their affiliated Providers and staff are required to cooperate with IEHP in resolving Member Grievances and comply with all final determinations of IEHP's grievance procedure. At no time shall a Member's medical condition be permitted to deteriorate because of delay in provision of care that Provider disputes. Fiscal and administrative concerns shall not influence the independence of the medical decision-making process to resolve any medical dispute between Member and Provider of service.
- E. All practitioners (e.g., primary care physicians and vision practitioners) and their affiliated Providers are required to have IEHP Member Complaint Forms and a copy of the IEHP Grievance Resolution Process readily available for distribution to Members upon request (see Attachments 16-1a, 16-1b, 16-2a and 16-2b in Section 16, "Attachments").
- F. Members who wish to file a grievance regarding behavioral health services are referred as follows:
1. Medi-Cal Members who reside in Riverside County are referred to the Riverside County Mental Health Department's Quality Improvement Committee at (909) 352-1612, extension 244 or Patients' Rights at (800) 350-0519 or (909) 358-4600.
 2. Medi-Cal Members who reside in San Bernardino County are referred to the County of San Bernardino Behavioral Health Department's Access Unit at (909) 381-2420 or (888) 743-1478.

16. GRIEVANCE RESOLUTION SYSTEM

A. Member Grievance Resolution Process

- G. Members who wish to file a grievance regarding dental services are referred to the appropriate dental provider, as applicable.
- H. All practitioners and their affiliated Providers are required to provide Members with assistance in filing their grievances. Practitioners and their affiliated Providers are informed annually regarding how to access current appeals and grievance resolution processes via the Provider Manual.
- I. Members have the right to appoint someone to file their grievance or represent them during the grievance process. Members (or their representatives), any Provider that furnishes or intends to furnish services to the Member, or the legal representative of a Member's estate, may file a case with IEHP. In addition, if the Member is a minor, or is incompetent or incapacitated, a grievance may be registered on behalf of the Member by the parent, guardian, conservator, relative, practitioner, Provider, attorney, or other designee of the Member, either in writing or verbally, as appropriate. IEHP recognizes the term relative to include a parent, stepparent, spouse, adult son or daughter, grandparent, brother, sister, uncle, or aunt of the Member. Expedited cases may be requested by the Member (or their authorized representative), or a physician (regardless of whether that physician is affiliated with IEHP).
- J. Grievances filed by a practitioner or Provider on behalf of a Member or regarding a Member appeal are subject to the requirements of the IEHP Member Grievance Resolution Process.
- K. IEHP provides a Telephone Typewriter line (TTY) (800) 718-4347 for Members with hearing or speech impairments. IEHP Member Services Representatives (MSRs) may use the California Relay Services, if necessary or requested by the Member. MSRs and Grievance Coordinators are proficient in Spanish to assist Spanish-speaking Members. Access to interpreters for up to 140 other languages is obtained through IEHP's contracted interpretation services. If necessary, IEHP Grievance staff may arrange for face-to-face or telephonic translations, and sign language services for medical appointments.
- L. A Member has the right to file a grievance for at least 180 days following any incident or action that is the subject of the Member's dissatisfaction. According to the Code of Federal Regulations (CFR), Title 42, section 438.402(b)(2), Medi-Cal Members have up to ninety (90) calendar days from the date on the Notice of Action to file an appeal with IEHP.
- M. Grievances and appeals may be filed by telephone, in writing, by mail, by fax, in person, or online through IEHP's web site at www.iehp.org, and may be withdrawn by notifying IEHP.
- N. IEHP resolves all grievances within 30 days, in accordance with state and federal regulatory guidelines. Response times for grievances are counted in calendar days. Urgent grievances requiring expedited review are resolved within 72 hours. See Policy

16. GRIEVANCE RESOLUTION SYSTEM

A. Member Grievance Resolution Process

- 16A2, “Member Urgent Medical Grievances,” for further details. Appeal resolution timeframe may be extended by up to 14 calendar days if a need is shown for additional information and how the delay is in the Member’s interest.
- O. During the grievance process and notification to the Member of the grievance disposition, IEHP Members are informed of their right to further appeal a decision if they are not satisfied with IEHP’s resolution to their grievance. Members may appeal an adverse IEHP grievance resolution arising out of a complaint (not appeal of coverage decision), within thirty (30) calendar days of receipt of the grievance. For complaint appeals (non-coverage disputes), both levels of grievance resolution/appeal must be completed within the 30 days, according to California Code of Regulations (CCR), Title 28, section 1300.68 (a)(4)(A). After 30 days, Members are directed to the Department of Managed Health Care (DMHC) and/or the Department of Health Care Services (DHCS), as applicable, for the next level of grievance resolution. All grievance correspondence informs Members of their right to contact DMHC or DHCS, as applicable, for assistance after completing the IEHP grievance resolution process or participating in the process for 30 days. This requirement may be waived if DMHC determines that an earlier review is necessary.
- P. Grievances received by telephone, which are not denial related or related to quality of care, and that are resolved by the close of the next business day, are exempt from the requirement to send written acknowledgment and response to Members.
- Q. IEHP provides Members with written responses to grievances, including a clear and concise explanation of the reasons for IEHP’s response. For explanations regarding denials, modifications, terminations of health care service, or investigational or experimental therapies, IEHP includes the criteria, clinical guidelines, and/or medical policies used for the decision, including those related to medical necessity. For grievance responses regarding non-covered benefits, IEHP includes in the response the provision in the contract that excludes the coverage, and references the IEHP Member Handbook (Evidence of Coverage), identifying the specific section or sections that excludes the proposed service or benefit as not covered under the terms of the contract. The response either identifies the document and page where the provision is found, directs the Member to the applicable section of the contract containing the provision, or provides a copy of the provision and explains in clear and concise language how the exclusion applies to the specific health care service or benefit requested by the Member.
- R. All practitioners and Providers are required to immediately forward grievances to IEHP for resolution. Practitioners and Providers may contact IEHP Member Services at (800) 440-4347 to obtain further information regarding the IEHP Grievance Resolution System.
- S. All Members are informed of the Notice of Privacy Practices (NPP) upon enrollment. In addition, the NPP is made available in writing to Members upon request, is available online through the IEHP web site, and is posted in common, public areas.

16. GRIEVANCE RESOLUTION SYSTEM

A. Member Grievance Resolution Process

- U. IEHP may chose to delegate the Member grievance resolution process to organizations that are accredited by the National Committee for Quality Assurance (NCQA) and with written agreement between IEHP and the delegated organization. However, Members may choose to directly address grievances to IEHP and those grievances are forwarded to the delegated organization for investigation only and the results returned to IEHP within 14 calendar days. IEHP manages the grievance process and responds to Members. IEHP forwards a copy of the Member resolution letter to the delegated organization. The delegated organization is responsible for establishing a grievance process in accordance with regulations mandated by DMHC, DHCS, and NCQA. Grievances received directly by the delegated entity are reported to IEHP on a quarterly basis, reviewed by the Grievance Committee, and forwarded to other committees as indicated. IEHP retains ultimate responsibility for ensuring that the delegated entity satisfies all requirements of the grievance and appeal process.
- V. On an annual basis, IEHP evaluates delegate performance against IEHP, NCQA, and regulatory standards.
- W. IEHP informs Members of their right to contact DMHC after completing IEHP's grievance process or after having participated in the grievance process for 30 days. This requirement may be waived if DMHC determines that an earlier review is necessary.
- X. Members are informed of their right to request Independent Medical Review (IMR) with DMHC if IEHP upholds a Provider's decision to deny, modify or terminate a Member's referral because the service is not considered medically necessary. DMHC makes the final decision regarding the qualification of coverage decisions for the IMR process.
- Y. Members with life-threatening or seriously debilitating medical conditions that have received a Provider's decision to deny, modify or terminate experimental or investigational treatment or therapy, are not required to participate in IEHP's grievance process prior to submitting their request for IMR with DMHC. Life-threatening medical

conditions are those diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted, or diseases or conditions with potential outcomes where the end point of clinical intervention is survival. Seriously debilitating medical conditions are diseases or conditions that cause major irreversible morbidity.

- Z. IEHP maintains all Member grievances, including medical records, documents, evidence of coverage or other relevant information IEHP used to make the grievance decision or resolve the case, in confidential electronic case files for ten years. The record will include the following information:
1. Dates of receipt and closure by IEHP;
 2. Member's name;
 3. IEHP staff person responsible for the case;
 4. A description of the case; and
 5. Copies of relevant information used in the case.
- AA. All Member correspondence is mailed via regular mail, unless the Member requests certified mail.
- BB. IEHP does not reveal practitioner, Member identity or personal information to unauthorized sources. All IEHP staff and external IEHP committee members are required to sign a confidentiality statement agreeing not to disclose confidential information. However, IEHP may use or disclose a Member's individually identifiable health information without a Member's authorization as follows:
1. For the direct provision of care or treatment of the patient;

 5. If the request is made to provide care to an inmate of a correctional facility;
 6. If the request is made by a representative of an accredited body.
- CC. All appeals and grievances are responded to both verbally and in writing, including quality of care cases (see Attachments 16-4, 16-6, and 16-7 in Section 16, "Attachments"). Grievances received orally not related to quality of care or denied services, and resolved in one (1) business day are exempt from the requirement to respond in writing. All details of the oral case are documented in the electronic case tracking system.
- DD. The cultural and linguistic needs, and disabilities of Members, are considered in the appeal and grievance process. IEHP Grievance staff receives an annual in-service that

addresses cultural and linguistic service requirements. Every effort is made to meet the special needs of Members in a competent manner, including those Members with limited English proficiency and reading skills, or diverse cultural or ethnic backgrounds. IEHP Members have the right to file a grievance if their cultural or linguistic needs are not met.

- EE. Grievances involving quality of care issues are reported to IEHP's Quality Management Department upon resolution of the case. IEHP's Chief Medical Officer or Medical Director is notified immediately upon receipt of a potential quality of care case.
- FF. Grievances related to Practitioner office site quality issues are referred to Quality Management for assessment of: Physical accessibility, Physical appearance, adequacy of waiting-room and examination-room space, appointment availability, and adequacy of treatment record-keeping.

PROCEDURE:

A. Members who wish to file a grievance may contact IEHP's Member Services Department at (800) 440-4347 or (800) 718-4347 (TTY). Members may also submit their grievance to IEHP through IEHP's web site at www.iehp.org, in person at 303 E. Vanderbilt Way, Suite 100, San Bernardino, CA 92408, or by mail/fax to the following address:

Inland Empire Health Plan
Attn: Grievance Department
P.O. Box 19026
San Bernardino, CA 92423-9026

- B. Fax (909) 890-5748 IEHP mails an acknowledgment letter to the Member within five calendar days of receipt of the grievance, with a copy to the involved practitioner and affiliated Provider.
- C. IEHP may contact the Member to obtain additional information within five calendar days of receipt of the grievance.
- D. Grievances received at IEHP are resolved as follows: IEHP grievance staff triages the grievance to determine if the issue(s) can be resolved at the Plan Level. If a grievance does not require investigation by the contracted Provider, IEHP resolves the grievance, in accordance with IEHP's Policies and Procedures.
1. IEHP mails an in-house grievance summary and a copy of the Member's grievance resolution letter to the Provider grievance contact. The letter informs the Provider of the Member's concerns and the results of IEHP's investigation.
- E. If a grievance requires investigation and proposed resolution by the involved practitioner's Provider (IPA or Hospital), IEHP faxes an IEHP Grievance Summary Form to the affiliated Provider. The grievance is handled in the following manner:
1. An "Expected Response Date" is set at 14 calendar days from the date the Grievance Summary Form is faxed to the affiliated Provider.
 2. Once the response has been obtained by the affiliated Provider, a typed copy of the response must be forwarded to IEHP.
 3. If a response is not received by the "Expected Response Date," IEHP mails a due notice (see Attachment 16-3 in Section 16, "Attachments") to the Provider. The Provider is then granted two additional business days to provide IEHP with a typed response.
 4. If the Provider fails to provide a response within two days following the due notice, IEHP directly resolves the grievance without any further input from the practitioner or Provider. However, further action by IEHP may

16. GRIEVANCE RESOLUTION SYSTEM

A. Member Grievance Resolution Process

- include an Education Letter, specific Corrective Action Plan (CAP) related to non-response, or referral to Peer Review Subcommittee as indicated.
5. If the Provider is unable to submit a response in the designated 14-day timeframe, the Provider may request an extension to the “Expected Response Date” by providing a new “Expected Response Date” to IEHP.
 - a. If the extension is granted, IEHP notifies the Provider within one day. The Provider must then respond to the grievance on the new “Expected Response Date.” If the Provider fails to provide a response by the expected date, IEHP directly resolves the grievance with no further input from the Provider, and with possible follow-up actions as stated above.
 - b. If IEHP does not approve the request for extension, IEHP notifies the Provider within one day. If the Provider fails to provide a response by the expected date, IEHP directly resolves the grievance with no further input from the Provider.
 - c. IEHP monitors the rate of Extension Requests and overall grievance response timeliness for further action, including referral to Peer Review as indicated for medical issues, or Provider Services for non-medical issues. The rate of grievance response timeliness is reported to IPA Providers monthly, and included in the annual Provider Evaluation Tool (PET). Timeliness rates are based on the initial expected response due date and date a complete response is received, addressing all alleged issues.
 6. Once a response is received, IEHP reviews the information to ensure all Member issues were addressed. If the Member issues are not addressed, IEHP notifies the Provider that additional information is needed. If a Corrective Action Plan (CAP) is required, IEHP faxes and mails a letter to the Provider.
 7. Once the grievance is resolved, IEHP mails the Member a resolution letter within 30 calendar days of receipt of the grievance. A copy of the resolution letter is mailed to the involved practitioner and/or Provider.
- F. If the complaint is regarding a denial or modification of health care services, IEHP investigates and resolves the grievance (appeal) in-house. IEHP works closely with the affiliated Provider in investigating and resolving denial-related grievances.
1. IEHP Grievance Staff initially informs Provider of appeal via telephone or email. Upon notification, Provider is required to submit a copy of denial letter to Grievance staff within two (2) business days including the referral request, criteria applied and all supporting clinical documentation used in making the denial

decision.

2. IEHP mails a denial-related grievance introduction letter to the Member's primary care physician (PCP), along with a copy of the Member's appeal acknowledgment letter. A copy of the letter is mailed to the PCP's affiliated Provider. The letter informs the PCP that the Member filed a grievance (appeal) regarding a denial or modification of health care services.
 - a. For grievances (appeals) filed by the practitioner or Provider on behalf of a Member, the correspondence is mailed to the practitioner or Provider and a copy is mailed to the Member.
3. Necessary medical records are requested from Providers and practitioners associated with the service request. Provider and Practitioners must provide the requested medical records to IEHP Grievance Staff within two (2) business days of request.
4. If IEHP upholds the contracted Provider's decision to deny, modify, or terminate the Member's referral, IEHP mails a resolution letter to the Member. The letter informs the Member of his/her right to request an Independent Medical Review (IMR) with DMHC regarding IEHP's determination to uphold the Provider's decision. The resolution includes an IMR application form, instructions on how to request an IMR, and a self-addressed envelope with the DMHC's IMR Unit address.
 1. A second letter is mailed to the Member's PCP (see Attachment 16-4 in Section 16, "Attachments"), along with a copy of the Member's resolution letter. The letter informs the PCP that the denial was upheld and the reasons for the decision.
 2. For grievances (appeals) filed by the practitioner or Provider on behalf of a Member, the correspondence is mailed to the practitioner or Provider and a copy is mailed to the Member.
5. If IEHP overturns the denial, IEHP contacts the affiliated Provider, via telephone and/or email, to inform the Provider of the decision, and begin coordination of care for the Member, as necessary.
 1. Upon notification of overturn, the Provider making the initial denial determination is required to issue the approved authorization within two (2) business days to Member, IEHP Grievance Staff, requesting Provider, and Provider of Service.
 2. A grievance (appeal) resolution letter is mailed to the Member. A copy of the letter is mailed to the involved practitioner and/or Provider.
 3. IEHP (or contracted entity) must pay for disputed services if the Member received services while the appeal was pending.

16. GRIEVANCE RESOLUTION SYSTEM

A. Member Grievance Resolution Process

- G. Any potential network problems including a delay in the referral process, recurrent issues, or quality of care issues, are forwarded to the IEHP Quality Management Department upon the resolution of the case.
- H. Members may apply for an IMR when all of the following conditions are met:
1. The Member's practitioner has recommended a health care service as medically necessary; or
 1. The Member has received urgent care or emergency services that a practitioner determined was medically necessary; or
 2. The Member was seen by a Provider within the IEHP network for the diagnosis or treatment of the medical condition for which the Member seeks independent review. The Provider may be an out-of-network Provider when DMHC finds that the Member's decision to secure services outside IEHP's network was reasonable under the circumstances and the disputed health care services were a covered benefit under the terms and conditions of IEHP's contract;
 2. The disputed health care service has been denied, modified or terminated by IEHP or one of its contracting Providers, based in whole or in part on a decision that the health care service is not medically necessary;
 3. The Member has filed a grievance with IEHP, and the disputed decision is upheld or the grievance remains unresolved after 30 days. Members are not required to participate in IEHP's Grievance Process for more than 30 days. If the grievance requires expedited review, Members are not required to participate in IEHP's Grievance Process for more than 72 hours.
- I. If DMHC determines that the request qualifies for IMR, DMHC designates an IMR organization to review the case. DMHC notifies IEHP that the Member has requested an IMR.
1. Within two business days from the receipt of the notification that an IEHP Member has requested an IMR, IEHP completes a Request for Health Plan Information form and submits the form to the IMR organization, along with the following documentation:
 1. A copy of the Member's medical records in IEHP's possession, which must include the Member's medical condition, the health care services being provided by IEHP and its affiliated Providers, and the disputed health care service requested by the Member;
 2. Any newly developed or discovered relevant medical records in possession of IEHP or its affiliated Providers;
 3. A copy of all the information provided to the Member by IEHP and any of

16. GRIEVANCE RESOLUTION SYSTEM

A. Member Grievance Resolution Process

its affiliated Providers regarding the Member's condition and care, and a copy of any materials the Member or the Member's practitioner submitted to IEHP or its affiliated Provider in support of the Member's request; and

4. A copy of all other relevant documents or information used by IEHP or its affiliated Providers in determining whether the disputed health care services should have been provided, and any statements by IEHP or its affiliated Provider explaining the reasons for the decision to deny or modify the disputed health care service.
2. If the IMR organization determines that the health care service is medically necessary, IEHP contacts the Member and authorizes the services within five working days of receipt of the written decision from DMHC's Director, or sooner if appropriate for the nature of the Member's medical condition.
3. IEHP informs the Member, the practitioner and the affiliated Provider of the authorization in writing within two business days. Approved decisions pertaining to care that is underway are communicated within 24 hours.
4. Affiliated Providers are responsible for payment of health care services pertaining to DMHC's IMR decisions that overturn the Provider's original denial decision.

J. Grievances Received by an IEHP Practitioner or Provider:

1. If the Member contacts the practitioner or Provider via telephone to file a grievance, he/she is immediately referred to IEHP's Member Services Department at (800) 440-4347 or (800) 718-4347 (TTY). Members may also request a Fair Hearing by mail at the following address: California Department of Social Services, State Fair Hearing Division, P.O. Box 944243, Mail Station 19-37, Sacramento, CA 94244-2430.”

2. The Right to Contact DMHC

- a. **The following statement is included in all Member grievance correspondence:**

“The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at **1-800-440-4347** or **TTY 1-800-718-4347** and use your health plan’s grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number (**1-888-HMO-2219**) and a TDD line (**1-877-688-9891**) for the hearing and speech impaired. The department’s Internet Web site <http://www.hmohelp.ca.gov> has complaint application forms and instructions online.”

- b. DMHC may require Members to participate in IEHP’s Grievance Resolution Process for up to 30 days prior to pursuing a grievance with DMHC, unless it is determined that an earlier review is warranted.

3. Expedited Review

- a. Upon receipt of the urgent grievance, Members are immediately informed verbally of their right to notify DMHC of their grievance.

- c. Expenses for mediation are borne equally by IEHP and the Member.

- B. All Member urgent medical grievances received by IEHP are resolved as follows:
1. IEHP's Chief Medical Officer (CMO) or Medical Director evaluates the case for urgency, considering the Member's medical condition. The CMO or Medical Director determines if criteria are met to expedite the review. The case is expedited if the CMO (or designee) determines that applying the standard timeframe for review could cause an imminent and serious threat to a Member's health, including but not limited to severe pain, the potential loss of life, limb, or major bodily function, or lack of timeliness that could seriously jeopardize the Member's life, health, or ability to attain, maintain, or regain maximum function.
 2. The Member is notified telephonically within twenty-four (24) hours if criteria are met (or not) to expedite the review. The Member is informed of the right to notify DMHC of the grievance.
 3. If the case does not meet expedited criteria, a written Acknowledgement letter is mailed to the Member within three (3) calendar days of case receipt, including transfer of the case to the standard grievance process. The Member is informed that the standard timeframe for processing the grievance is within thirty (30) days. The Member is informed of his/her rights, including the right to notify DMHC of the grievance.

 6. IEHP may request additional information or medical records from a practitioner or Provider, as necessary.
 - a. The affiliated practitioner or Provider must submit this information to IEHP within one (1) calendar day of receipt of IEHP's request.

 10. If the grievance is regarding a denial or modification or termination of health care services that have been upheld by IEHP, the resolution letter informs the Member of his/her right to submit a request for Independent Medical Review (IMR) to DMHC. The letter includes an IMR Application Form, instructions on how to request an IMR, and a self-addressed envelope with DMHC's IMR Unit address.
- C. A Member may submit a grievance to DMHC for review, after completing IEHP's grievance process or after having participated in IEHP's grievance system for 30 days; however, this requirement may be waived if DMHC determines that an earlier review is necessary. Upon receipt of such grievance, DMHC notifies IEHP and requests the information used by IEHP to resolve the Member's grievance.

1. The affiliated practitioner or Provider must submit this information to IEHP within one (1) calendar day of the receipt of IEHP's request.
 2. Any delay caused by the practitioner or Provider's failure to submit the requested information to IEHP may result in negative actions by IEHP against the practitioner or Provider.

- C. IEHP does not discriminate against Providers or practitioners for filing denial-related grievances (appeals).
- D. A Provider or practitioner may withdraw a denial-related grievance (appeal) at any time by notifying IEHP in writing.
- E. If a claim has been adjudicated, or in the process of adjudication, the Provider appeal is forwarded to the Claims Department for the Provider dispute resolution process.
- F. Provider appeals of adverse payment decisions are discussed in Provider Manual Policies 16B1, “Dispute and Appeal Resolution Process for Providers of Service – Initial,” and 16B2, “Dispute and Appeal Resolution Process for Providers of Service – Health Plan Appeals.”
- G. Provider denial-related grievances (appeals) filed on behalf of Members or as Member representative, are classified as Member appeals and processed per Policies 16A, “Member Grievance Resolution Process,” and 16A2, “Member Urgent Medical Grievances.” A Practitioner is automatically considered a Member’s representative when submitting an appeal for a denial of an urgent referral request, or for any referral request with Member impact, such as a pre-service request without initiation of claim adjudication.

- B. Dispute and Appeal Resolution Process for Providers of Service
 - 3. Provider Appeals of UM Decisions
-

PURPOSE:

- A. To ensure a timely and responsive process for addressing and resolving Provider and practitioner denial-related grievances (appeals) of UM decisions.
- B. To identify potential problem areas regarding denials or modifications of health service requests.

REFERENCES:

- A. Title 22, California Code of Regulations, § 53859
- B. Title 28, California Code of Regulations, § 1300.68.01

PROCEDURE:

- A. IEHP Grievance staff conducts an initial review of the Provider appeal request to determine if a Provider/practitioner claim is in process, or the Provider has first appealed through the affiliated IPA. If the Provider has not yet appealed through the IPA and a claim is not in process, the Provider is directed to the IPA for initial appeal. An IEHP appeal case is not opened until the Provider has appealed through the IPA and the IPA has upheld the denial.
- B. If a claim has been received and is in process, the appeal is routed to the IEHP Claims Department for processing.
- C. Upon confirmation that the IPA has upheld the denial, and claim adjudication has not been initiated, IEHP Grievance staff open a case and document any action taken in the appeal. The case is coded as a Provider Appeal for tracking, trending, and reporting purposes. The case is coded as a Member appeal if pre-service with Member impact. In this case, the Provider/practitioner is noted as the Member's representative.
- D. Upon receipt of the appeal by IEHP Grievance Department, an acknowledgement letter is sent to the Provider/practitioner within five (5) calendar days from appeal receipt (see Attachment 16-6 in Section 16, "Attachments"). The letter is copied to the Member if the decision will impact the Member. The initial denial letter, referral criteria, and all supporting documentation are obtained as outlined in Policy 16A, "Member Grievance Resolution Process."
 - 1. A separate electronic case is maintained for each new Provider/practitioner appeal that is filed. Any hard copy practitioner appeal files are stored in the Grievance Department locked filing cabinets. The file folder contains all documentation

pertaining to the case, including, but not limited to the following:

- a. Section 1 of the file folder contains:
 - 1) Checklist
 - b. Section 2 of the file folder contains:
 - 1) Printout of the Automated Eligibility Verification System (AEVS) form reflecting Member's current eligibility, if applicable;
 - 2) IEHP's electronic case tracking system notes;
 - 3) Member Detail Screen, including address and eligibility;
 - 4) Member's Plan Detail Screen; and
 - 5) Member Provider Screen.
 - c. Section 3 of the file folder contains all IEHP correspondence mailed to the practitioner.
- E. The Grievance Nurse prepares the case for review by the Chief Medical Officer (CMO) or Medical Director, ensuring all necessary medical information has been received.
 - F. If a physician requests an urgent (expedited) review, IEHP must provide an expedited review if the physician indicates that applying the standard timeframe for conducting a review could cause an imminent and serious threat to the health of the Member, including, but not limited to, severe pain; potential loss of life, limb or major bodily function; or lack of timeliness that could seriously jeopardize the Member's life, health, or ability to attain, maintain, or regain maximum function.
 - G. If the CMO or Medical Director determines that the practitioner appeal is urgent and requires an expedited review, it is resolved as quickly as the medical condition warrants, but no later than 72 hours after receipt of the appeal, to ensure that the Member's health and welfare are not at risk as outlined in Policy 16A2, "Member Urgent Medical Grievances."
 - H. The Grievance Coordinator monitors the progress of the case.
 - I. IEHP's CMO (or designee) reviews all practitioner appeals, and with the assistance of the Grievance Department, obtains all necessary pertinent medical information to review the previous denial decision.
 - J. After review of pertinent medical information, the CMO (or designee) may discuss the case with the practitioner if necessary. The CMO (or designee) makes a decision within 30 calendar days of receipt of the case. The decision of IEHP's CMO (or designee) is

final.

- K. A notification letter is sent to the practitioner informing them of the outcome of the appeal, including the criteria, applicable benefit coverage, and regulations used in making the decision.
 - 1. The Grievance Coordinator prepares a resolution letter informing the practitioner of the resolution, within thirty (30) calendar days from case receipt, and closes the case (see Attachment 16-7 in Section 16, “Attachments”).
- L. Practitioner appeals are tracked and trended by the Grievance Manager and reported to the Grievance Committee if negative patterns are identified. After investigation of the case or after discussion at Grievance Committee, cases may be forwarded to Peer Review Subcommittee or Quality Management Committee.
- M. A practitioner filing an appeal on behalf of a Member is directed to the Grievance Department for processing of the issue according to regulations and standards for Member appeals, as outlined in Policy 16A, “Member Grievance Resolution Process.”

INDEPENDENT MEDICAL REVIEW

An Independent Medical Review (IMR) is when the Department of Managed Health Care (DMHC) reviews a Health Plan's decision to deny, terminate, or modify a service your Doctor requests. There is no cost for this service and a determination will be made in writing within 30 days of DMHC's receipt of your completed application or less if determined that an expedited review is necessary. If your request concerns an imminent and serious threat to your health, including, but not limited to serious pain, potential loss of life, limb, or major bodily function or immediate and serious deterioration of your health, you will get results within 3 days. "Subject to the approval of the department, the deadlines for analysis and determination involving both regular and expedited reviews may be extended by the Department of Managed Health Care up to three days in extraordinary circumstances or for good cause."

You may request an IMR of disputed health care services from DMHC if you believe that health care services have been improperly denied, modified, or terminated. A "disputed health care service" is any health care service that has been denied, modified, terminated or delayed, in whole or in part because the service is not medically necessary.

The IMR is in addition to any other procedures or remedies available to you. You pay no application or processing fees of any kind for an IMR. You have the right to provide information in support of the request for an IMR. IEHP must provide you with an IMR application form and or information on how to file an IMR with any grievance disposition letter that denies, modifies, or delays health care services. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against IEHP regarding the disputed health care service. You are not required to participate in the IEHP's Grievance Process before filing an IMR for experimental or investigational therapy or treatment. For more information about an Independent Medical Review, contact IEHP Member Services at 1-800-440-4347/TTY 1-800-718-4347.

**FAIR HEARING PROCESS
FOR THE AWARD OF CONTRACTS
FOR PARTICIPATION IN THE PROVIDER NETWORK
OF INLAND EMPIRE HEALTH PLAN**

Any provider who has received a written response from the Chief Executive Officer, or his designee, rejecting the request to be included or to continue participation in the provider network for IEHP shall have the right to a Fair Hearing before the Board of IEHP regarding the decision of the Chief Executive Officer, or his designee.
- b. The written response from IEHP, rejecting the request of a provider to be included or to continue participation in the provider network of IEHP shall inform the provider of the right to a Fair Hearing before the Board of IEHP regarding the decision of the Chief Executive Officer, or his designee.
- c. The provider shall be given ten (10) working days from the date of mailing of the response from IEHP to request a Fair Hearing before the Board of IEHP. Such request for a Fair Hearing shall be made by written response from the provider to the Chief Executive Officer, or his designee.
- d. Providers failing to request a Fair Hearing before the Board of IEHP within ten (10) working days relinquish their right to a Fair Hearing and any other judicial review.

Section 3 Fair Hearing Before the Board of IEHP

- a. At the time, and date specified in the written response of the Chief Executive Officer, the Board of IEHP shall conduct a hearing, and shall receive evidence, including testimony from the Chief Executive Officer of IEHP, his designee, other employees of IEHP if necessary, and the provider.
