INLAND EMPIRE HEALTH PLAN (IEHP)
Notice of Privacy Practices
Effective: April 14, 2003
Revised: January 1, 2021

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED, AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

IEHP provides health care to you through Federal, State and Commercial programs. We are required by state and federal law to protect your health information. And we must give you this Notice that tells how we may use and share your information and what your rights are.

Your information is personal and private.

We receive information about you from Federal, State and local agencies after you become eligible and enroll in our health plan. We also receive medical information from your doctors, clinics, labs, and hospitals in order to approve and pay for your health care.

CHANGES TO NOTICE OF PRIVACY PRACTICES

IEHP must obey the Notice currently in effect. We reserve the right to make any revised or changed notice effective for information we already have and for information that we receive in the future. If we do make changes we will revise this Notice and send it to you right away.

How We May Use and Share Information About You

Your information may be used or shared by IEHP only for treatment, payment and health care operations associated with the particular program in which you are enrolled. The information we use and share includes, but is not limited to:

- Your name,
- Address,
- Personal facts,
- Medical care given to you, and
- Your medical history.

Some actions we take when we act as your Health Plan include:

- Checking your eligibility, enrollment, and amount of medical aid
- Approving, giving, and paying for health care services
- Investigating or prosecuting cases (like fraud)
- Checking the quality of care that you receive
- Coordinating the care you receive

Some examples of why we would share your information with others involved in your health care:

- 1. For treatment:** You may need medical treatment that requires us to approve care in advance. We will share information with doctors, hospitals and others in order to get you the care you need.
- 2. For payment:** IEHP reviews, approves, and pays for health care claims sent to us for your medical care. When we do this, we share information with the doctors, clinics, and others who bill us for your care. And we may forward bills to other health plans or organizations for payment.
- 3. For health care operations:** We may use information in your health record to judge the quality of the health care you receive. We may also use this information in audits, fraud and abuse investigations, planning, and general administration.

We may also contact you to provide information about other health-related benefits and services that may be of interest to you, such as health education programs and management of certain health conditions.

Other Uses For Your Health Information

1. Sometimes a court will order us to give out your health information. We will also give information to a court, investigator, or lawyer if it is about the operation of one of the other programs. This may involve fraud or actions to recover money from others, when the Federal, State, Commercial entity or IEHP has paid your medical claims.
2. You or your doctor, hospital, and other health care providers may appeal decisions made about claims for your health care. Your health information may be used to make these appeal decisions.
3. We may also share your health information with agencies and organizations, which check how our health plan is providing services.
4. We must share your health information with the federal government when it is checking on how we are meeting privacy rules.

When Written Permission is Needed

If we want to use your information for any purpose not listed above, we must get your written permission. If you give us your permission, you may take it back in writing at any time.
