An important update has been made to the **2021 OB/GYN P4P Program Guide**. An electronic version of the guide is available in the Providers section of the IEHP website at:

The OB/GYN P4P Program Guide update includes the following changes:

#### **Member Eligibility**

An update has been made to the eligible Member population. Medicare DualChoice Members are **no longer** eligible to be included in the OB P4P Program. This program was originally designed specifically for the Medi-Cal population and this update is to clarify the eligible population. This update is effective **immediately**.

Please review and leverage the OB/GYN P4P Program Guide to maximize your efforts in the program.

Thank you for your continued partnership in providing quality healthcare to IEHP's Members.
