

To: All IPAs and PCPs
From: IEHP – Provider Relations
Date: June 24, 2022
Subject: **Clinical Practice Guidelines**

Inland Empire Health Plan (IEHP) would like to alert you to the **twenty (20) Clinical Practice Guidelines (CPGs)** now available at:

www.iehp.org > Providers > Provider Resources > More > Clinical Practice Guidelines > Clinical Practice Guidelines Library

Our project taskforce is comprised of IEHP Medical Directors and Pharmacist who assemble quarterly, to evaluate literature and reference materials that may be beneficial for your practices.

As these guidelines are a working resource, please check back periodically for updated and new topics that may have been added to the library.

The contents are organized into four (4) categories:

- United States Preventive Services Task Force (USPSTF)
- IEHP Internal Library
- Healthcare Effectiveness Data Information Set (HEDIS)
- Managed Care Accountability Set (MCAS)

If you have any recommendations for additional topics for the CPG library that you feel would be beneficial to our Provider network, please email them directly to qmclinicalinbox@iehp.org

As a reminder, all communications sent by IEHP can also be found on our Provider portal at: www.iehp.org > Providers > Plan Updates > Correspondences

If you have any questions, please do not hesitate to contact the IEHP Provider Relations Team at (909) 890-2054 or (866) 223-4347 or email ProviderServices@iehp.org.
