

**To:** All IEHP Medi-Cal PCPs  
**From:** IEHP – Provider Relations  
**Date:** August 5, 2022  
**Subject:** **Proposition 56 – Don’t Miss Out on Available Supplemental Payments**

---

---

With the sunset of Prop 56 – Value Based Payment (VBP) program on June 30, 2022, IEHP would like to remind our primary care network about the continuing Prop 56 programs that offer supplemental payments for vital preventive care.

The following Prop 56 Programs are continuing and IEHP is pleased to support the payment of the associated supplemental payments.

- **Prop 56 – Adverse Childhood Experiences (ACEs) Screenings – Trauma Informed Care**
  - Screening for ACEs is crucial to determining the likelihood of increased health risk due to toxic stress response.
  - **Detecting ACEs early enables providers to connect patients with interventions and supports, like referrals to Community Supports through IEHP’s portal.**
  - If the providers in your practice haven’t already completed training and attested with DHCS, please visit <https://training.acesaware.org> today to begin the training process.
  - **\$29 is paid for every eligible screening for children and adults. Don’t forget to ensure all the providers/NPIs in your practice have attested with DHCS to be paid.**
  
- **Prop 56 – Developmental Screening Services**
  - Providers are required to use the standardized developmental screening tools during the 9- month, 18-month, and 30-month health visit.
  - However, **for the purposes of this directed payment**, a developmental routine screening is eligible for payment if performed:
    - **on or before the first (1st) birthday**
    - **after first (1st) birthday and before the second (2nd) birthday,**
    - **or after the second (2nd) birthday and on or before the third (3rd) birthday,**
    - **screenings done when medically necessary**, in addition to the routine screening based on age above, are also eligible for directed payment; **so long as it is performed on or before the third (3rd) birthday.**

**\$59.90 is paid for every eligible developmental screening encounter billed with code 96110, without modifier KX.**

- **Prop 56 – Physician Services**

- Supplemental payments for certain eligible physician services provided to Medi-Cal beneficiaries.
- Please refer to [iehp.org](http://iehp.org) > Providers > P4P – Prop 56 – GEMT for details on eligible codes and supplemental payment amounts.

- **Prop 56 – Family Planning Services**

- Supplemental payments for contraceptive implants and other family planning services.
- Please refer to [iehp.org](http://iehp.org) > Providers > P4P – Prop 56 – GEMT for eligible codes and supplemental payment amounts.

**Please note:** Federally Qualified Health Center (FQHC), Rural Health Center (RHC), Cost Based Reimbursement Clinic (CBRC), and Indian Health Settings (IHS) are not eligible for Prop 56 – Family Planning Services or Physician Services.

**For FAQs specific to each Prop 56 program,** please visit IEHP's website.
