Subject: **P4P Dual Choice Annual Visit – Services Currently May Be Performed via Telehealth**

Due to the COVID-19 pandemic, the Centers for Medicare and Medicaid Services (CMS) have made allowance for plans to submit diagnoses from telehealth visits for risk adjusted payments when those visits meet all criteria for risk adjustment eligibility, which include being an allowable outpatient or professional service.

This change now makes it possible for Dual Choice Annual Visits (DCAV) to be conducted via telehealth as deemed clinically appropriate by the PCP performing the service. IEHP has added the following options to the P4P DCAV online form in order to identify if the DCAV was provided via telehealth.

To submit for DCAV telehealth services, please select POS = 02 and modifier = 95 as shown on the screenshot below.
