Subject: **NEW! 2024 Global Quality P4P Coding Resource Tool**

In response to your feedback, we developed the **2024 Global Quality P4P Coding Resource** tool to help bridge quality initiatives with recommended coding and documentation.

The benefits of this coding resource tool:

- Providers can quickly reference coding recommendations during patient office visits.
- Offices can reference the tool when billing the qualifying Global Quality P4P measures.

The tool is intended to assist and is **not** an exhaustive list of incentive-related codes. For a complete list of measure descriptions and codes, please reference the Global Quality P4P Program Guide.

The resource tool can be found on the IEHP Provider Website

Providerservices.iehp.org>[Provider Central](#)>[Provider Incentive Programs](#)>[Global Quality P4P Program](#)

The screenshot shows the IEHP Provider Website navigation bar with 'Provider Central', 'Resources', 'Programs', and 'Join the Network' dropdowns. A search bar and 'Provider login' button are on the right. The main content area is titled 'Global Quality P4P Program' and includes a description of the program and a list of resources. The list includes:
